

I would like to take this opportunity to thank all of the members of the 5th District for placing their confidence in me as 5th District President of the American Legion Auxiliary, Department of Texas. I am a proud member of Dallas Love Field Unit 453 where I served as Unit President for 2 years (2009-2010, 2010-2011) and I am eligible for membership under my father, James Heatly, who served in the Navy during the Korean War on the U.S.S. Epperson, DD/DDE-719.

This is truly an amazing organization with so many selfless acts of humanity and kindness. The programs of the American Legion Auxiliary help build and nurture our future as well as preserving those who have assembled our History. I am passionate about supporting and promoting these programs through education and information.

I am excited about the next 2 years and working with the Auxiliary Units of the 5th District. I feel extremely fortunate to be surrounded by fellow officers with so much knowledge and experience of the American Legion Auxiliary. The role of the District is to be there for our Units. To support, educate, communicate and inform and I want to encourage the Units to utilize your District officers.

Our organization thrives as a family. I am very encouraged with the communication within the 5th District family and am extremely enthusiastic to be working with our Legion, SAL and our Riders to help build and strengthen the 5th District into the pride of the Department of Texas.

*Coming together is a beginning. Keeping together is progress.
Working together is success. ~ Henry Ford*

For God and Country,

Holly Heatly
5th District President
Department of Texas
